Good Afternoon Professor Linder. I am reaching out to you concerning the benefits (specifically regarding scholarship opportunities) of becoming a member of Phi Theta Kappa, along with the obligations that come with the membership. Additionally, I have looked for an invitation code sent prior to recent emails from you, but have not found a working invitation code. When you have a moment, please share some introductory information about PTK with me. Thank you for your time, and I hope the beginning of this Semester has been good for you.

Hello!

A few weeks ago our college president, Dr. McMillen, sent via postal mail your invitation to join Phi Theta Kappa. Phi Theta Kappa is the official honor society for two-year colleges as designated by the American Association of Community Colleges. Invitations are sent only to the top 10% of community college students.

I'm sorry you weren't able to join us last week for our orientation meeting to learn more about the many benefits of Phi Theta Kappa membership. I also wanted to remind you that we have just one month left in the summer enrollment period. Now is the time to join to make sure you are able to apply for fall scholarships. Trust me, you don't want to miss out on this opportunity.

Check out this short video from Lavada Burse, former chapter president, former Texas Regional President, and former International President. She shares how Phi Theta Kappa saved her life. <https://youtu.be/it2nxTwnvnU>

I encourage you to join Phi Theta Kappa and be recognized for your amazing academic achievement. All you need to do is go to ptk.org and click on the link to join. From there, enter the passcode we mailed you in June. If you no longer have access to the code, please let me know, and I can retrieve that for you.

If you have any questions, please do not hesitate to ask!

Also, be sure to follow us on our social media channels – like the Omicron Psi Facebook page and follow us on Instagram (@ptkomicronpsi on both). We are @iloveptk on TikTok. We also encourage you to join our Discord channel: <https://discord.gg/dRuuJ49yqW>

Thanks!

Mary Linder
